Basic Black

Color Lifter

### Embellishments

Glitter Enamel Dots- 3 of the Costal Cabana color

### Adhesive

Multipurpose Glue

### Tools

Stampin Trimmer

Stamparatus

Bone Folder

Big Shot

Scissors

## Instructions

Step 1. Cut your cardstock into the size pieces at the top of this page all except the Whisper White piece to 2 5/8" x 4" and the Pool Party that measures 2 5/8" by 4". These two pieces can be cut after you stamp the image on the Whisper White one or they can be run through the Big Shot using the Stitched Framelits Die.

Step 2. Go ahead and stamp the stork image with the Memento Tuxedo Black Ink Pad on the piece of Whisper White thick cardstock. Also stamp one piece of the Whisper White measuring 4" x 5 1/4" with the sentiment, "congratulations on your precious delivery". At the bottom of the same piece of cardstock use the pool party ink pad and stamp the flower image.

Step 3. Color the stork image with the Stampin Blends remembering to use a light touch.

- a. Light Pumpkin Pie for the legs and beak
- b. Basic Black for the wing
- c. Pool Party for the baby bag

Step 4. Run both the whisper white and the pool party piece through the Big Shot using the 4<sup>th</sup> largest Rectangle Stitched Die or cut the piece of Whisper White Cardstock with the stork image to 2 5/8" x 4" and the same for the pool party cardstock.

Step 5. Now it is time to put your card together. Glue the Twinkle Twinkle piece to the Whisper White piece that doesn't have any images on it. Next glue the piece of Pool Party at an angle with the stitching on top of the Twinkle Twinkle piece. Next glue the Whisper White piece with the stork image on top of the Pool Party piece in a vertical orientation.

Step 6. Take the inside piece that has a sentiment on it and glue to the inside of the card.

Step 7. Go back to the front and add your three glitter dots as embellishments.

Now that is a cute, quick and easy card, but very lovely!
