## Instructions for Accented Blooms Hello Card

Step 1. Cut all cardstock according to the list above.

Step 2. Stamp flower image using the Memento Tuxedo Black Ink pad. This is necessary when using the blends. Make sure you stamp it on the Whisper White Thick Cardstock measuring  $3\frac{3}{4}$ " x 5". Also stamp on the upper part of the cardstock so you will have room for the Highland Heather stripped piece at the bottom.

Step 3. Stamp the "hello" on a scrap piece of thick Whisper White measuring about 3" x 4". Then stamp the sentiment and image for the inside of the card with the Highland Heather Ink Pad onto the piece of Highland Heather measuring  $3\frac{3}{4}$ " x 5".

Step 4. Using the blends, color the flower image.

Step 5. Glue the stripped Highland Heather piece to the bottom of the Whisper White piece that you just finished coloring. Next glue the  $\frac{3}{4}$ " x  $3\frac{3}{4}$ " pieces of Highland Heather on top of the stripped piece and at the top.

Step 6. Glue this piece to one of the pieces of Balmy Blue measuring 4" x  $5\frac{1}{4}$ ". Then take the same piece and glue to the front of the card base. Be careful to get it centered.

Step 7. Glue the stamped Highland Heather piece for the inside of the card to the 4" x  $5\frac{1}{4}$ " Balmy Blue piece. Then as before glue this piece to the inside of the card being careful to center it.

Step 8. Put Stampin Dimensionals on the back of the "hello" sentiment. Remove the protective coverings and then adhere to the front of the card in the stamped area of the same shape.

Once again you are all finished!

**Note: By purchasing the pack of Subtle Cardstock and Subtle 6" x 6" DSP you can make a number of cards mixing and matching.**
