Simple Shammy- This is great to clean stamps especially photopolymer or cling stamps

Instructions

Step 1. Cut all the pieces according to the measurements except the pieces that have to be cut with a die.

Step 2. Stamp the cow image with the Memento Tuxedo Black ink on the Whisper White piece measuring about 4" x 4". This is important because this is the proper ink for using blends.

Step 3. Stamp the inside sentiment on the piece of Whisper White Cardstock measuring 3 ¾" x 5". Lay aside.

Step 4. Take your blends and color according to the card colors. Use Mossy Meadow for leaves and boots. Use Bronze for the hoofs and horns. Use Light Pumpkin for the flower petals and Light Daffodil for the center of the flower. Use the Smoky Slate for the spots and nose as well as the hair at the top of the head.

Step 5 . Lay the large decorative die over the cow image with sharp edge toward the cardstock and run through your die cutting machine.

Step 6. Take the Whisper White Bakers Twine and wrap around the Striped DSP three times. Secure the ends of the twine on the back of the card. Wrap in such a way to form a cross just above the center of the Striped DSP. Place a glue dot just under the cross of the twine to secure it on the front side.

Step 7 . Tie a small bow from the bakers twine and lay aside.

Step 8. Take the striped DSP and glue to the piece of Mossy Meadow cardstock measuring 3 ¾" x 5". Next glue this piece to the front of the card base. Lastly put Stampin Dimensionals on the back of the cow image label. You will need about nine dimensionals. Remove the protective covering and place on the front of the card.

Step 9. Glue the Whisper White Cardstock with the inside sentiment onto the piece of Mossy Meadow measuring 4" x 5 ¼". Now glue this to the inside of the card.

Step 10. Place another glue dot on top of the first one where you want to place the little white bow then, place the bow on top of it.

All finished! This little cow is bound to put a smile on the face of the recipient.
