Tools

Some Kind of Paper Cutter Stampin' UP no longer sales one

Stamparatus or Clear Acrylic Block E is good for a lot of stampin projects

Bone Folder

Scissors

Big Shot or other die cutting machine (Stampin' UP has stopped selling this item as well)

Pick Your Tool

Simple Shammy- This is great to clean stamps especially photopolymer or cling stamps

Instructions

Step 1. Cut all the pieces according to the measurements **except** the pieces that have to be cut with a die.

Step 2. Stamp the flower/water can image in the Tuxedo Black Memento ink onto the Whisper White measuring $2\frac{1}{2}$ " x $2\frac{1}{2}$ ". Then use the Pretty Peacock ink pad to stamp the sentiment "Plant dreams, dig out doubts, and grow a happy life," on the Whisper White cardstock measuring 1 " x $3\frac{1}{4}$ ".

Step 3. Use the blends to color the image. The flowers in the flower pot are colored in the dark Rococo Rose and the greenery in the dark Granny Apple Green. The flower pot is colored with the light Pretty Peacock. Color the water can with the light Smoky Slate and the flowers in the water can with the Purple Posy. I used a black fine tip marker to accent the water can by outlining it. The grass underneath is done in the Granny Apple Green.

Step 4. Put the Sizzix adhesive sheet on the back of the piece of Pretty Peacock measuring $1\frac{3}{4}$ " x 3 ". Now place the two corner dies from the Detailed Deer Die set on this combined piece of cardstock and adhesive and run through the die cutting machine.

Step 5. Cut out the circle from the Purple Posy piece 3 " x 3 " using the round circle measuring $2\frac{7}{16}$ " across. Cut out the scalloped piece from the Pretty Peacock Cardstock using scalloped layering die measuring $2\frac{1}{4}$ " across. Lastly use the circle die measuring $2\frac{3}{16}$ " across to cut the flower image out.

Step 6. Take the piece of checked Pretty Peacock and wrap the Wisper White Bakers Twine around it three times crossing in the middle. Secure ends on back of the DSP. Place a glue dot under the cross to secure on the front of the checked DSP.

Step 7. Glue this piece of DSP to the left side of the piece of Purple Posy measuring 4 " x $5\frac{1}{4}$ ". Now glue this piece to the front of the card base.

Step 8. Now glue the flower image circle to the Pretty Peacock followed by taking this union and gluing to the Purple Posy circle.

Step 9. Put Stampin' Dimensionals on the back of your circles. Remove protective coverings and place the circles slightly above the center of your card front lapping part of the circle over the checked DSP.

Step 10. Take your sentiment piece and cut fish tails on each end. Place Stampin' Dimensionals on the back of this piece as well and removing protective coverings adhere to the front of the card under your image circles.

Step 11. Glue the Purple Posy Cardstock measuring 3 $\frac{3}{4}$ " x 5" to the Pretty Peacock Cardstock measuring 4" x 5 $\frac{1}{4}$ ". Glue this combination to the inside card base. Now remove the protective coverings of the die cut outs in the Pretty Peacock and adhere in opposite corners, the upper left and bottom right.

Step 12. Tie a bow out of the Whisper White Bakers Twine and using a glue dot adhere to the front of the card where the bakers twine crosses.

I hope you enjoy making this card.
