- 1 piece of Whisper White measuring 2" x 3" to cut Merry Christmas Label from
- 1 piece of Shaded Spruce measuring 2" x 3" to cut Merry Christmas Label from

Stamp Set

- Merry Christmas To All Photopolymer Stamp Set
- Toile Christmas

Die & Embossing Folders

- Heirloom Frames & 3D Embossing Folder

Punches

- Pine Tree Punch
- Everyday Punch
- Twinkle Builder Punch

Ink

- Real Red Classic Stampin' Pad

Embellishments

- Red Rhinestone Basic Jewels

Adhesive

- Tombow Liquid Multipurpose Glue
- Stampin' Dimensionals'

Tools

- Stamparatus
- Bone Folder
- Big Shot or some kind of Die Cutting Machine-(Stampin' UP no longer sells a die cutting machine) I recommend an electric one. I love mine!

Scissors

Take Your Pick Tool

Simply Shammy for cleaning stamps

Some kind of Paper Cutter (Stampin' UP no longer sells a paper cutter)

Directions for Card Assembly

Step 1. Cut and score all your cardstock according to measurements above.

Step 2. Stamp Merry Christmas on a piece of Whisper White measuring 2" x 3". Also stamp inside sentiment on the piece of Whisper White measuring 3 ¾" x 5".

Step 3. Take the Everyday Punch and cut out the Merry Christmas Label making sure to center your sentiment. Now cut out a label from the Shaded Spruce measuring 2" x 3", so you can frame the sentiment with it. In order to do that cut the Shaded Spruce label in half from side to side. Then, put a little glue on the top of the back of your sentiment label. Place the Shaded Spruce piece so that you have a slight border across the top. Now do the same at the bottom. Trim away any edges on the side that may be protruding. Finally put Stampin Dimensionals on the back of this sentiment piece. Lay aside.

Step 4. Take the Pine Tree Punch and cut out 2 pine trees from Shaded Spruce piece measuring 3 ¾" x 5".

Step 5. Take the oval die and cut out the frame piece from the Real Red cut to 4" x 5 ¼". Also take the same oval and cut another frame and oval from the Whisper White cut to 4" x 5 ¼". Now you will need the Real Red Frame and the White Oval Center piece for the card. Save the other pieces for another card.

Step 6. Spritz the Real Red Frame with water or alcohol and place it carefully in the embossing folder. Line up carefully and run through your die cutting machine. Always cut the oval then run through the die cutting machine or you will flatten out the design in your frame.

Step 7. Take the Twinkle Punch and cut out a star or if you have a glue on star that will work equally well.

Step 8. Glue the Striped DSP to the Real Red cardstock. Next glue the Real Red Oval Frame onto the DSP. Now glue the Whisper Oval in the center of the frame. Check to see which way

it fits best before putting glue on it. Take one of your Pine Trees and glue in the lower end of the oval. You may also put your star on now.

Step 9. Glue this piece to the front of your card.

Step 10. Remove the protective coverings on the back of the sentiment label and adhere to the upper end of the oval.

Step 11. Glue the second Pine Tree on the left side of the bottom of the sentiment piece. Now glue this piece to the right side of the inside base of the card.

Step 12. Add your Red Rhinestones to the tree on the outside of the card for a splash of shine and color.

All finished!
