Directions for Card Assembly

Step 1. Cut and score all your cardstock according to measurements above.

Step 2. Take the oval die and place on the piece of Whisper White measuring 4" x 5". Draw around the outer edge of the oval to give yourself a cutting line.

Step 3. Stamp the sentiment for the front of the card in the center of the Whisper White piece measuring 4" x 5". Use the oval die to determine exactly where to place the sentiment stamp so that the sentiment is in the center of the oval.

Step 4. Take your scissors and cut about a ¼" inside the line you just drew all the way around the oval.

Step 5. Stamp an inside sentiment of your choice as the one I used retired, or you can leave blank and write something on the inside of the card. You will also want to stamp your accent piece in the lower right corner.

Step 6. Take the piece of Seaside Spray measuring 4" x 5" and place the oval die on the cardstock and run through the die cutting machine.

Step 7. Take your oval and put it on the inside of your Embossing Folder. Spritz with water or alcohol lightly. Now carefully place under the top flap of the embossing folder. This is the one with the Stampin Up written on it. Line up your oval with the embossing folder. Run through your die cutting machine.

Step 8. Let the embossed oval dry a minute or two.

Step 9. Place the oval over the sentiment piece. Be sure to check to see that you don't have any edges from the sentiment piece hanging out before you add glue. Trim again if you need to. Make sure your sentiment is centered. Place glue on this oval and carefully place over the front sentiment.

Step 10. Glue the DSP to one of the Seaside Spray pieces measuring 4" x 5 ¼". Take the oval sentiment piece and glue to the center of this union. Finally glue the unit to the front of the card base.

Step 11. Glue the inside sentiment piece to the other Seaside Spray piece. Glue this to the inside right card base.

Note: If any of this is confusing, refer to my You Tube video of the Woven Threads Sympathy Card and I think it will be clear.

All finished!
