Instructions

1. Cut all the paper from the list above.
2. Using one piece of Mango Melody Cardstock cut to 4" x 5 1/4" stamp sentiment in one corner leaving enough room around the sentiment to lay down circle die. Use the smooth circle that cuts out a 1 5/8" circle. Remember to lay cardstock on your first cutting plate, then the die on cardstock with sharp edge against cardstock, and then 2nd cutting plate on top. Use the rest of this piece to cut the flowers from. Remember to cut one underneath piece of the large flower out of Crushed Curry if you want a two toned effect.
3. Cut out the remaining various pieces as shown on the card by running dies through the die machine. (3 forever fern pieces, leaves and scalloped circle matching the 1 5/8" circle die)
4. Glue 1 piece of Early Espresso Cardstock cut to 3 3/4" x 5" to a piece of Mango Melody Cardstock cut to 4" x 5 1/4".
5. Glue the piece of Forever Fern cut from the Soft Suede Cardstock in the upper left corner and angled down toward the center. Next glue the two Be Dazzling pieces on each side with their ends also pointing slightly toward center.
6. Now glue the top layer of the leaves to the bottom. Glue the top to the bottom of the large flower and put dimensionals on the back of the flower. Now position flower and leaves where you want them and glue leaves in place. Next remove dimensional backs and place flower on top of leaves. Glue smaller flowers into place.
7. Next glue the sentiment circle to the bedazzling piece and put dimensional on it. Place in right upper corner.
8. Now glue this panel to your card base.
9. Glue the one piece of Mango Melody Cardstock cut to 3 3/4" x 5" to the piece of Early Espresso Cardstock cut to 4" x 5 1/4". Take this piece and glue to the inside of the card base.
10. Add jewels of your choice. I used some from my stash, but I think the Champagne Jewels would look fine.

Stampin' UP does not sell these but they are very helpful in card making
