Instructions

1. Cut all the paper from the list above.
2. Take the second largest ornate layer die and place on the piece of Basic White Cardstock cut to 4 ½" x 5 ½" and run through your die cutting machine. Remove all loose pieces.
3. Stamp your flower stem in Garden Green and make sure it is just above the dots on your ornate layer. Make sure to center it from left to right on the layer. Now stamp the two large leaves dividing the distance on the stem. Lastly stamp the large flower in the Poppy Parade color. Using the Stamparatus you will be able to re-stamp any image twice if needed. Lastly stamp the outside sentiment on the piece of Basic White Cardstock cut to ¾" x 2 ½". Now use the punch to trim your ends to the desired length. Also take the Piece of the Heartwarming Hugs Designers Series paper cut to 1" x 2 ½" and trim it as well. The 1" should be about ¼" long and the Basic White piece ¾" wide should be about 2" after trimming.
4. Glue the sentiment piece to the Piece of the Heartwarming Hugs Designers Series paper cut to 1" x 2 ¼".
5. Glue the ornate layer to the piece of Heartwarming Hugs Designers Series Paper cut to 3 ¾" x 5". Next glue this piece to a piece of Poppy Parade Cardstock 4" x 5 ¼". Now glue to the front of the card based.
6. Put dimensionals on the back of the sentiment piece and adhere just above the flower on the ornate layer.
7. Tie a small bow out of the gold trim and using a glue dot place between the flower and the set of leaves.
8. Lastly glue the inside Basic White piece to the last piece of Poppy Parade Cardstock cut to 4" x 5 ¼" and then to the right side of the inside card base.
