Instructions

1. Cut all the paper from the list above.
2. Stamp Merry Christmas in Real Red ink on 1 piece of Basic White Cut 1" x 4"
3. Stamp inside sentiment in Real Red on the piece of Basic White thick Cardstock cut to 3 3/4" x 5"
4. Stamp the two sheep in Tuxedo Black Momento Ink on the piece of Basic White Cardstock cut to 4 1/4" x 5 1/2"
5. Using sheep dies cut out the sheep by placing sharp side of die down over sheep and running through your die cutting machine.
6. Also cut your Merry Christmas apart with scissors or a die if you have it.
7. Cut the snow with a pair of scissors from the piece of Basic White 2" x 5". Use your scissors to make a couple mounds of snow, nothing fancy just a slope.
8. Glue the snow bank to the bottom of the piece of the Peaceful Place Designers Series Paper cut to 3 3/4" x 5". Take the 3rd largest Stitched Rectangle Die and center over this piece of Peaceful Place DSP with the snow bank glued to it. Run through the die 2 or 3 times so it cuts through all layers.
9. Place largest Contour Die over piece of Basic Gray Cardstock cut to 4 1/4" x 5 1/2". Run through the die cutting machine. Remove all small pieces of paper with your Take Your Pick Brush.
10. Glue the Peaceful Place DSP with snowbank attached to the Scalloped piece of Basic Gray Cardstock. Now glue to the front of the card base. Glue the sheep and the Merry Christmas to the front of the card base.
11. Glue inside sentiment to the piece of Basic Gray Cardstock cut to 4" x 5 1/4". Now glue this inside sentiment to the inside of the card base.
12. Add a few of the shimmer sequins to the front of the card with a small amount of glue.

Optional Decorating of Envelope Flap

Using your tape runner put tape on the top side of the flap of the envelope. Carefully lay your piece of DSP (Designer Series Paper) measuring 2 3/8" x 6" on the flap starting at the fold of the flap. Trim and you are done!
