Adhesive

Multipurpose Glue

Glue Dots

Stampin’ Dimensionals

Tools

Stamperatus or Blocks for Stamping

Scissors

Simple Shammy

Bone Folder
Paper Trimmer
Stampin' Cut & Emboss Machine

Instructions

1. Cut all the paper from the list above.
2. Stamp the Sentiment on one small piece of Basic White cardstock large enough to cut to 1 5/8" x 1 5/8" using smooth layering squares.
3. Place smooth square over sentiment and run through die cutting machine.
4. Now take the smooth square large enough to cut 1 7/8" x 1 7/8" over the Tidings of Christmas Paper and cut 2 running through the die cutting machine.
5. Take the scalloped square that cuts out 2" x 2" and cut 3 out of the Real Red cardstock.
6. Glue one piece of the Basic White thick Cardstock cut to 3 3/4" x 5" to the Real Red cardstock measuring to 4" x 5 1/4". Glue this panel to the front card base.
7. Glue your sentiment piece measuring to 1 5/8" x 1 5/8" to one of the Real Red scalloped squares. Glue each of the Tidings of Christmas squares to the other 2 Real Red scalloped squares.
8. Glue the 2 squares with the Tidings of Christmas paper to the front of the card base being careful to center in all directions. They will lap just a tiny bit in the center but this will not be seen.
9. Take the sentiment square and put dimensionals on the back of it and adhere over the center of the first two squares.
10. Add a bow of bakers twine or some gems to add a little pizzazz to the front.
11. Stamp an inside sentiment on the Basic White thick Cardstock cut to 3 3/4" x 5". Glue inside sentiment piece to the last piece of the Real Red cardstock and adhere to the right inside of the card base.

Optional Decorating of Envelope Flap

Using your tape runner put tape on the top side of the flap of the envelope. Carefully lay your piece of DSP (Designer Series Paper) measuring 2 3/8" x 6" on the flap starting at the fold of the flap.

Trim and you are done!

Stampin' UP does not sell these but they are very helpful in card making
