## **Instructions**

1. Cut all the paper from the list above.
2. Stamp the inside sentiment using the Basic Gray Stampin' Ink pad on the piece of Basic White Cardstock cut to 3 3/4" x 5". You can glue the inside sentiment piece to the basic gray piece cut to 4" x 5 1/4", then to the bottom half of the card base. Remember this is a horizontal orientation when stamping.
3. Stamp the 3 lanterns on the piece of Basic White 4 1/4" x 5 1/2" with the same Basic Gray Ink Pad. Leave enough room between the stamped images to lay your die and cut out the lanterns. Use the die that cuts out stitched

rectangle measuring  $1 \frac{7}{16}$ " x  $2 \frac{3}{4}$ ". Go ahead and run those through your machine.

4. Stamp the sentiment for the front of the card on a scrap of Basic White card stock. Using scissors cut in the shape of a rectangle that is  $1 \frac{1}{2}$ " x  $1 \frac{7}{8}$ ".
5. Glue the piece of Basic Gray card stock cut to 1" x 5" to the piece of Gray Granite measuring  $3 \frac{3}{4}$ " x 5". Leave about  $\frac{1}{8}$ " border at the top.
6. Next glue the piece of Basic Gray card stock cut to 1" x 5" to the same Gray Granite piece dividing the distance from the first strip to the bottom of the panel.
7. Glue this panel to the piece of Basic Gray card stock cut to 4" x  $5 \frac{1}{4}$ " and then to the front of the card base.
8. Take the front sentiment piece and center it on the top strip of Basic Gray at the top of the card. Glue in place.
9. Color the lantern centers with the light daffodil blends.
10. Place dimensional on the back of the lantern pieces leaving a little space that is going over the next strip of Basic Gray. You will need about 4 at the top of the lantern and 2 at the bottom. Remove covers and place the lanterns on the card front. Start with either side but do the sides first and then it is easy to get your spacing right for the center lantern.

11. Add your In Color Jewels or whatever kind you have to each side of the sentiment and you are all done.
